5. New Business

Representatives of "Back to Eden Naturals" made a presentation regarding the use & application of worm castings in our garden plots. Worm casting products were offered for purchase at the end of the presentation. The club could arrange a bulk order of worm castings that could be delivered by Back to Eden at a future club meeting.

6. Remarks for the Good of the Club

- a. The issue of dogs in the gardens was discussed again. The consensus of the members present is that dogs should not be allowed in the gardens, unless the dogs remain in the golf cart only. Dogs are not allowed to be walked inside the fence.
- b. Only members are allowed inside the fence at the garden plots. If anyone you do not recognize is inside the fence, politely ask them if they are a member. If not, please politely ask them to leave.
- c. 2 plots are currently open & available. Dave is contacting the next two people on the waitlist to offer the plots to them.
- d. The lock on the gates is still proving difficult for some members to use. A member suggested the club replace the current lock by purchasing a digital lock.
- e. Please remember to open both sides of the gate before entering the plots with a golf cart. Additionally, please check if there is anyone in the garden before locking the gate when you leave the plots.
- f. In the future the board will try to do a better job of advising club members when there will be a guest speaker. As the board has previously advised, please read all emails you receive from gardenc58@gmail.com." This is the clubs official email communication to you.
